

2018 RV Site Water Shut Off

Dear Leaseholders:

The water turn off for RV sites will begin on October 9, 2018. We will be putting up posters throughout the resort starting in September as a reminder.

Everyone is required to fill out a form regardless of whether the water needs to be left on or turned off. Please fill out the form prior to **October 2, 2018** and return to the Front Office.

Starting on October 9, 2018, over approximately a two-week period, your water will **automatically be turned off** unless we are notified otherwise. Any charges incurred to turn your water back on will be deemed the site owners responsibility and will be billed to your site account.

Please note that the request for water shut off must be provided by the site owner in writing via fax, email, mail or registration at the office. Holiday Park Resort will not accept direction from private renters or neighbours.

If you require an irrigation blow out please fill out a work order prior to September 22, 2018.

NOTE: Water turn on starts around mid-March, weather permitting. When returning to Holiday Park in the spring, 48 hour notice is required for water turn on. Otherwise a charge will be applied.

The water to the sites will be turned off automatically unless we are otherwise notified. We require a minimum of 48 hours' notice to turn your water back on and this service is not available on weekends or statutory holidays.

Date: _____

Site # _____

_____ Leave Water **ON** all Winter
