FYI AND TROUBLESHOOTING TIPS

Make sure you are connected to **HolidayPark** network. (You cannot enter the network name manually).

Absolute Wi-Fi has provided access throughout the resort. Many factors can interfere with wireless signals that may be beyond the supplier's control. Baby monitors, cordless telephones, microwave ovens, cameras minimize active Bluetooth wireless devices connected to the computer. For better signal strength, stay by a window.

Device: Wi-Fi enabled electronic equipment that connect to a network resource such as the Internet via wireless network access point, i.e. phone, tablet, laptop, digital camera, ebook reader, blue-ray player, videophone, smart tv xbox, Wii, PS3, P34, Apple TV, Roku, Slingbox, Nexus Player.
